

LIONBRIDGE

TAKING THE
GREATEST STORIES GLOBAL

To us, video games are more than a source of entertainment — they're a **form of art**. Games tell stories, forge connections, and change lives. They give us inspiration, comfort, and space for self-expression. Every game has something to say. We make sure it doesn't get lost in translation.

Our localization, audio, testing, and player experience services help developers and publishers exceed boundaries, realize dreams, and redefine the gaming landscape. Have a story to tell? We'll make sure it reaches gamers all over the world.
